CITY AND DISTRICT. It is expected that there will be much activity in real estate and in building in the Congress Heights section during the approaching season. In addition to half a dozen contemplated buildings in the suburb proper, it is the intention of property own-ers to place a new subdivision of ground on the market in the vicinity, while one has already been so placed within recent weeks. Building plans are bright in the Anacostia district, too, while the plans of the realty company interested in East

BILL INTRODUCED TO EXTEND THE CAPITAL TRACTION LINE.

Proposed to Take the M Street Route Wanted by the Old Dominion Company and Great Falls Company.

terday afternoon providing for various extensions of the lines of the Capitol Traction Company. The provisions of the bill not only give the extension along M street that has been pro-

A bill was introduced in the Senate yes-

posed for the Great Falls and Old Dominion line, but also additional lines in the northeastern section.

Mr. Burrows introduced the bill, which provides that the Capitol Traction Company be required and authorized to construct a double track extension of its lines from C street and Delaware avenue northeast, northeasterly along Delaware avenue to the plaza in front of the proposed union depot, together with a single-track loop passing in front of the depot on the plaza.

Along Florida Avenue.

Also a double-track extension of its lines beginning at Florida avenue and 7th street northwest, southeasterly along Florida avenue to its intersection with New Jersey avenue, thence along New Jersey avenue southeasterly to its intersection with Massachusetts avenue and 1st street west, thence along Massachusetts avenue southeasterly to north E street, thence east along north E street to east 2d street, thence north on east 2d street to north F street. thence east on north F street to east 8th street.

Also a double-track extension of its lines. beginning at 7th and T streets northwest, thence easterly along T street to its intersection of Florida avenue.

Also a double-track extension, beginning

at the intersection of New Jersey avenue and Florida avenue northwest, thence in a southeasterly direction along Florida avenue to its intersection with East 8th street, thence in a southerly direction along East 8th street to its intersection with the said company's tracks at Pennsylvania avenue southeast.

Along M Street.

Also a double-track extension of its line, beginning at the intersection of 26th and M streets northwest, thence easterly along M street to Thomas Circle, thence around said circle on both sides thereof to said M street, thence along said M street to its intersection with New Jersey avenue.

The construction of the lines indicated above is to be begun within one year, and

completed within three years from the date of the passage of the act. The other usual provisions for railroad extensions are granted in the bill.

It is not believed by those favoring these extensions by the Capital Traction Company that the opposition on the part of property owners will be so great as in the case of the proposed extension by the Great Falls and Old Dominion. The patrons of the cross-town line of the Capital Traction Company will have transfers to all intersecting lines of that company, and will, it is declared, be assured of an efficient serv

Speedily Cured by Cuticura When All Else Fails.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis the loss of hair and crusting of the scalp, as in scalled head: the facial disfigurements, as in acne and ringworm; the awful suffering of infants and anxiety of worn-out parents, as in milk crust, tetter and salt-rheum-all demand a remedy of almost superhuman virtues to successfully cope with them That Cuticura Soap, Ointment and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin

cures, blood purifiers and humour remedies of the civilized world. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflamma tion, and soothe and heal, and, lastly, take Cuticura Resolvent, to cool and cleanse the blood. This complete local and constitutional treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humours of the skin, scalp and blood, and points to a speedy, permanent and economical cure when all else fails. CONFERENCE CLASS MEETING.

Address by Dr. Woodward on Prevention of Disease.

Health Officer Woodward was the chief speaker at the meeting of the conference class of Colored Volunteer Workers, Thursday afternoon, in the general offices of the Associated Charities. His subject was "Prevention of Communicable Diseases," and he gave clear and valuable instruction concerning tuberculosis, pneumonia and typhoid fever. He explained the methods of growth of the particular bacilli to which each of these diseases is due; told how these germs are carried from one person to another and described the simple means by which the germs of these diseases may be destroyed.

THE PRESBYTERIAN CHURCH.

Its Origin and Early History in the

District. An account of the beginning of the Presbyterian Church in the District of Columbia will be given in a paper to be read by Mr. B. Bryan, at the meeting of the Columbia Historical Society Monday evening, in the banquet hall of the Shoreham Hotel.
An examination of the material available has developed the surprising fact of the existence here of a church organization which is not mentioned in any of the published istories of the denomination. The account of this "lost church," as it may be termed, will be one of the features of the paper.
